Special Rules

AP: Targets get -X to Defense rolls when blocking hits.

Blast: Ignores cover, and after resolving other special rules, each hit is multiplied by X, where X is up to as many hits as enemy models in the target unit and within 3" of it. Hits must be split evenly between all enemy units within 3" of any model from the target (defender picks how).

Fearless: When a unit where all models have this rule fails a morale test, roll one die. On a 4+ it counts as passed instead.

Furious: When charging, unmodified results of 6 to hit in melee deal 1 extra hit (only the original hit counts as a 6 for special rules).

Hazardous: Gets AP(4), but this model's unit takes one wound on unmodified rolls of 1 to hit.

Hero: Friendly units within 12" may take morale tests using the hero's Quality, as long as the hero isn't Shaken.

Limited: May only be used once per game.

Precision Fighter Aura: This model and up to 3 friendly units picked before the start of the game get +1 to hit rolls in melee. If this model is killed, picked models that are deployed lose the rule.

Reliable: Attacks at Quality 2+.

Rending: Ignores Regeneration, and on unmodified results of 6 to hit, those hits get AP(+4).

Scurry: Moves +2" when using Advance, and +2" when using Rush/Charge.

Strider: May ignore the effects of difficult terrain when moving, and only needs 2+ to pass jumping rolls.

Tough: This model only rolls to check wound effects once it has taken at least X wounds, and is only Knocked Out on rolls of 5+X or more.

Unpredictable Fighter: When in melee, roll one die and apply one effect to all models with this rule: on a 1-3 they get AP(+1), and on a 4-6 they get +1 to hit rolls instead.
